Cryptography and Communications invites papers for a special issue on

Boolean Functions and their Applications 2023

SCOPE:

All invited speakers and all the authors of accepted extended abstracts of the International Workshop on Boolean Functions and their Applications (BFA 2022) are invited to submit a paper to a special issue of the Journal *Cryptography and Communications*. This should be original unpublished results corresponding to the level of the journal. Alternatively, a few invited speakers can submit surveys of related topics of interest.

IMPORTANT DATES:

- **Submission open from: September 20, 2023**
- **Last Date for Submission of Papers: October 20, 2023**
- **Final Notification by: June 1, 2024**
- **Online publication by: July 15, 2024**
- **Issue release by October, 2024**

PAPER SUBMISSION:
- Authors are encouraged to submit high-quality, original work that has neither appeared in, nor is under consideration by, other journals.
- All papers will be reviewed following standard reviewing procedures for the Journal.
- Papers must be prepared in accordance with the Journal guidelines: **www.springer.com/12095**
- Submit manuscripts to: http://CCDS.edmgr.com
