*Cryptography and Communications* invites papers for a special issue on

### Boolean Functions and their Applications 2022

### SCOPE:

All invited speakers and all the authors of accepted extended abstracts of the International Workshop on Boolean Functions and their Applications (BFA 2022) are invited to submit a paper to a special issue of the Journal *Cryptography and Communications*. This should be original unpublished results corresponding to the level of the journal. Alternatively, a few invited speakers can submit surveys of related topics of interest.

### IMPORTANT DATES:

- Submission open from: September 20, 2022
- Last Date for Submission of Papers: October 20, 2022
- Final Notification by: June 1, 2023
- Online publication by: July 15, 2023
- Issue release by October, 2023

### PAPER SUBMISSION:

- Authors are encouraged to submit high-quality, original work that has neither appeared in, nor is under consideration by, other journals.
- All papers will be reviewed following standard reviewing procedures for the Journal.
- Papers must be prepared in accordance with the Journal guidelines: [www.springer.com/12095](http://www.springer.com/12095)
- Submit manuscripts to: <http://CCDS.edmgr.com>
